

Angle Check & Meter Valves

These Check Valves have spring-assisted seals made of Buna-N rubber for extended life. All other parts are red brass, stainless steel or Celcon*. The interior water passage is sized 1" in the valves for ¾" service to keep pressure loss to a minimum. An end cap can be removed for in-field inspection of interior components.

* Celcon is a trademark of the Celanese Corporation.

Angle Single Check Valves

Female Iron Pipe
Inlet Thread

Pack Joint Inlet
(shown with yoke nut)

METER SIZE	END CONN. SIZE	PRODUCT NUMBER	
		PACK JOINT THREAD*	FEMALE IRON PIPE
5/8"	3/4"	52484	52483
5/8" x 3/4" & 3/4"	3/4"	52897	52896
1"	1"	53285 2	53285 1
1½"	1½"	NA	53325
2"	2"	NA	53454

* Available in Grip Joint (GJ) connections.

Angle Dual Check Valves

Female Iron Pipe Inlet Thread
(shown with yoke nut)

METER SIZE	FEMALE IRON PIPE SIZE	PRODUCT NUMBER
5/8"	3/4"	52485 1
5/8" x 3/4" & 3/4"	3/4"	52898 2

1½" & 2" Angle Meter Ball Valves

Female Iron Pipe Inlet Thread

METER SIZE	FEMALE IRON PIPE SIZE	PRODUCT NUMBER
1½"	1½"	53350
2"	2"	53460

Pack Joint (CPPJ)* Inlet

METER SIZE	FEMALE IRON PIPE SIZE	PRODUCT NUMBER
1½"	1½"	53322
2"	2"	53459

* Also available in Grip Joint (GJ) connections.
