Service Box Accessories

Telescoping Top Riser For 2½" Service Box

Dirt Shield

Features:

- Fits existing slide or screw type boxes by simply breaking off the pentagon bolt-tab.
- Has an adjustment height of 1"(minimum) to 12" (maximum).
- The top of the riser is offset to prevent it from turning while the pentagon stud is removed.
- Cover with standard pentagon head bolt is furnished.
- Furnished with Dirt Shield.

DESCRIPTION	PRODUCT NUMBER
12" SB Top Riser	45345
24" SB Top Riser	45345 3
Dirt Shield Only	45345 1

Centering Adapter For 2½" Service Box

The 2½" Centering Rod assures correct alignment of the curb stop, service box rod and service box wrench in Buffalo Style service boxes.

The Centering Rod is self-centering and fits all curb stops. The 5/8" shaft is heavier than most service box rods making it strong enough to be used with 2" curb stops.

CENTERING ROD ADAPTORS	LENGTH	PRODUCT NUMBER
	6"	45349 2
	12"	45349 1
	24"	45349 3
	36"	45349 4
48"	45350
