

Pipe A-39

PVC Schedules 40 & 80 UL Conduit Pipe

Available in 10 or 20 foot lengths

Features

- **Ease of Installation** – Schedules 40 and 80 PVC nonmetallic conduits are ¼ to ½ the weight of metallic systems, can be installed in less than half the time and are easily fabricated on the job.
- **Safety** – Schedules 40 and 80 PVC nonmetallic conduits are non-conductive, assuring a safe system.
- **Impact Resistant** – Schedule 40 and Schedule 80 nonmetallic conduits are resistant to sunlight and are UL Listed for exposed or outdoor usage. The use of expansion fittings allows the system to expand and contract with temperature variations.
- **Corrosion Resistant** – Schedules 40 and 80 PVC conduits are nonmetallic and will not rust or corrode.

SHORT SPEC:

PVC Schedule 40 and Schedule 80 Conduit pipe are manufactured to NEMA TC-2 Federal specifications, WC1094A and UL 651 specifications and carry respective UL Listings and UL labels.

Schedule 40 Conduit Pipe

NOM. SIZE	O.D.	I.D.	WALL	PRODUCT NUMBER
½"	.840	.622	.109	75520
