

Tubing F-4

Tubing Tools

Tubing Cutters For Copper, Brass and Aluminum

These copper tubing cutters have a large grip knob for comfort during use. Reamer is built inside grip knob for convenience and safety. Wide rollers yield a square cut while thin cutter wheel profile insures a quick, clean cut.

COPPER TUBING CUTTER	SIZE	PRODUCT NUMBER
	1/8"-1"	63135
	3/16"-1 1/4"	63143
	5/8"-2 1/8"	63144 1

NOTES:

- To cut plastic pipe, order recommended cutter wheel for plastic separately.
- See Section S for additional tubing and pipe cutters.

Plastic Pipe Snipper
