# Sewage Pumps

## 800-EJP-24 HR

### Pumps Available From EJP

- Submersibles and non-submersible sump pumps
- Submersible non-clog pumps
- Submersible effluent pumps
- Self-priming universal/electric driven
- Self-priming engine driven
- Tanks
- Floats
- Check valves
- Panels
- Break-away fittings

### Sewer Pump Selection

Helpful information for selecting the right pump. Depending on the application all of the information may not be necessary.

- The liquid to be pumped ie: solid/effluent
- Liquid temperature
- Liquid vapor pressure
- Liquid viscosity
- How fast the liquid must be moved (gpm.)
- Total dynamic head
- Estimated NPSH
