

Angle Meter Valves

Angle Inverted Key Meter Valves

This valve has all the same features as the Inverted Key Valves featured in Section G. The 90° hookup accommodates installations where vertical piping is connected to horizontal meters. End connections include female iron pipe thread on one side and a meter coupling nut for 5/8" thru 1" meters on the other side.

Female Iron Pipe Thread

METER SIZE	VALVE SIZE	INLET FIP SIZE	PROD.UCT NUMBER
5/8"	3/4"	3/4"	52433
5/8" x 3/4" & 3/4"	3/4"	3/4"	52862
1"	1"	1"	53284 1

Pack Joints for Copper and Plastic Tubing *
