

Flexible Couplings & Saddles K-1

Flexible Couplings

For Sewer and Drain Connection and Repair

Straight Coupling

Reducing Coupling

- Connect pipes of same or different sizes and materials, quickly and easily
- Positive seal against infiltration and exfiltration
- Stainless steel clamps are corrosion-resistant and rustproof
- Leakproof, rootproof
- **Fast:** Takes only minutes for average connection.
- **Simple:** Place coupling over spigot and tighten bands.
- **Economical:** Saves money by saving on installation time.
