**Multi-Purpose Saw Blades**

**APB BLADE SERIES**

"**Tiger Tooth**" Super Grit Diamond Blade

- Cuts PVC, plastic, ductile, cast, and HDPE pipe—cuts virtually anything!
- Can be used on hand-held saws and chop saws.
- Cuts twice as fast as an abrasive wheel.
- Cuts 150 pieces of 8" diameter ductile iron. Safer than abrasive wheels—won’t break apart.
- Has abrasive “side burns” for providing additional relief for faster cutting.
- 1” arbor with 20mm bushing standard.
- Available in six (6) sizes – 4", 4.5", 7", 8", 12", and 14”.

**EPB BLADE SERIES**

"**Pipe Piranha**" - Supreme Electroplated Diamond Blade

- Used to cut ductile iron and plastic pipe.
- Cuts 50 – 60 pieces of 8” ductile iron pipe.
- Safer, faster and more economical than abrasive wheels.
- May be used on hand-held saws and chop saws. Laser-welded segments for durability.
- Has electroplated “side burns” for beveling the cut end of pipe.
- 1” arbor with 20mm bushing standard.
- Available in three (3) sizes – 12”, 14”, and 16”.

**GPS BLADE SERIES**

"**The Lieutenant**" General Purpose Diamond Blade

- Cuts a combination of products: Concrete, asphalt, block and brick.
- For use in non-critical applications (i.e.: states without super-hard concrete).
- Laser welded segments for durability.
- Will cut approximately 4000 inch-feet of concrete or 3750 inch-feet of asphalt. Can be used on hand-held high speed and low horsepower (20 hp or less) walk-behind saws.
- Can be used wet or dry.
- 1” arbor with 20mm bushing and drive pin hole standard.
- Available in three (3) sizes - 12”, 14”, and 16”.

**STA BLADE SERIES**

**Premium Concrete Diamond Blade**

- Will cut reinforced concrete and concrete pipe.
- Turbo segment for fast and smooth cutting.
- Will cut approximately 6000 inch-feet of concrete.
- Can be used on high-speed and low horsepower (20 hp or less) walk-behind saws. Laser welded segments for durability.
- Can be used wet or dry.
- 1” arbor with 20mm bushing and drive pin hole standard.
- Available in 12”, 14”, 16”, 18”, and 20” diameters.

**DAS BLADE SERIES**

**Premium Asphalt Diamond Blade**

- Will cut asphalt, asphalt over concrete and green concrete.
- Undercut protection on blade center core for long life in asphalt.
- Will cut approximately 8,000 inch-feet of asphalt.
- Can be used wet or dry. Can be used on hand-held high speed and low horsepower (20 hp or less) walk-behind saws.
- 1” arbor with 20mm bushing and drive pin hole standard.
- Available in three (3) sizes - 12”, 14” and 16”.

**GPL BLADE SERIES**

"**The Lieutenant**" General Purpose Diamond Blade

- Cuts a combination of products: Concrete, asphalt, block and brick.
- For use in non-critical applications (i.e.: states without super-hard concrete).
- Laser welded segments for durability.
- Will cut approximately 4000 inch-feet of concrete or 3750 inch-feet of asphalt. Can be used on hand-held high speed and low horsepower (20 hp or less) walk-behind saws.
- Can be used wet or dry.
- 1” arbor with 20mm bushing and drive pin hole standard.
- Available in three (3) sizes - 12”, 14”, and 16”.

**STA BLADE SERIES**

**Premium Concrete Diamond Blade**

- Will cut reinforced concrete and concrete pipe.
- Turbo segment for fast and smooth cutting.
- Will cut approximately 6000 inch-feet of concrete.
- Can be used on high-speed and low horsepower (20 hp or less) walk-behind saws. Laser welded segments for durability.
- Can be used wet or dry.
- 1” arbor with 20mm bushing and drive pin hole standard.
- Available in 12”, 14”, 16”, 18”, and 20” diameters.

**DAS BLADE SERIES**

**Premium Asphalt Diamond Blade**

- Will cut asphalt, asphalt over concrete and green concrete.
- Undercut protection on blade center core for long life in asphalt.
- Will cut approximately 8,000 inch-feet of asphalt.
- Can be used wet or dry. Can be used on hand-held high speed and low horsepower (20 hp or less) walk-behind saws.
- 1” arbor with 20mm bushing and drive pin hole standard.
- Available in three (3) sizes - 12”, 14” and 16”.
Saw Blades

### “Pipe Piranha” Electroplated Diamond Blades

Applications: Ductile Iron, Plastic Pipe and Concrete (Recommended for: Hand-held saws and Chop saws)
